

# ENCOUNTER

## Inspire Transformation

Ignite the journey of faith with easy and centralized management of evangelization courses. Each experience contributes to build a person's dynamic profile. This enables you to continue to encourage growth along a discipleship path.

### Manage Logistics

Organize evangelization processes, collect participant details and feedback.

### Accompany People

Support volunteers and guide participants as they begin their faith journey.

### Instill Faith

Encourage spiritual transformation as individuals experience the love of Christ.

MISSION PATHWAYS

## Begin with Encounter

Our software provides complete visibility into ongoing evangelization efforts, allowing you to:

- Coordinate Alpha©, ChristLife™ and more
- Set up and manage retreats
- Communicate with individuals via email or text
- Assign volunteers and facilitate groups
- Manage food responsibilities and budget
- Plan effectively and identify trends with reports

## Mission Pathways Suite

Our software design method is rare, yet simple. We consult end users at every point of the process. This collaborative approach results in high quality, intuitive applications.

### ENCOUNTER

Provide a comprehensive framework to understand and share the faith.

### GROW

Facilitate small faith communities and form intentional disciples.

### INFORM

Assess the impact of evangelization and discipleship processes.

### SEND

Build relationships and motivate individuals to embrace their mission.
