

## Form Disciples

Establish discipleship pathways with small faith communities and groups. Track people as they grow in relationship with Jesus Christ and become intentional disciples. Inspire everyday leaders to step forward and live their mission.

### Increase Visibility

Effectively guide individuals via actionable insights into their unique faith journey.

### Develop Leaders

Identify potential leaders based on group involvement and history. View current and past leaders.

### Discern Mission

Support each participant's journey as they discover and serve through their God-given gifts.

MISSION PATHWAYS

## Continue with Grow

Our software manages discipleship groups and tracks individual faith journeys from initial curiosity to dynamic discipleship. Grow gives you the tools to:

- Initiate, organize and track groups
- Register people and schedule events
- Manage participants across groups
- View group rosters and member profiles
- Communicate with individuals via email or text

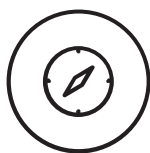

## Mission Pathways Suite

Our software design method is rare, yet simple. We consult end users at every point of the process. This collaborative approach results in high quality, intuitive applications.

### ENCOUNTER

Provide a comprehensive framework to understand and share the faith.

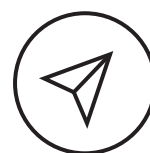

### GROW

Facilitate small faith communities and form intentional disciples.

### INFORM

Assess the impact of evangelization and discipleship processes.

### SEND

Build relationships and motivate individuals to embrace their mission.
